A Report on Health and hygiene

Acquiring life skills are an inevitable part in a student life. Health and hygiene is one among the best life skills. The event conductor demonstrated some of the important integrating body and soul for a peaceful and stress-free living.

She emphasized on the need of practicing Health and hygiene in everyday life. By practicing health and hygiene one can achieve physical, emotional psychological and social wellbeing.

She said young people in today's world need a skill set to pursue a meaningful career; they also need a set of psychological skills to do well in the society. Life skills are psycho-social competencies which allow students to recognize and process emotions and handle everyday issues. Health and Hygiene not only enhances physical stamina and flexibility but also emotional stability, intellectual and creative talents.

Resource Person interacting with students

The event went on in a more participatory way. Students and the staff who attend the program enlightened on the practice of health and hygiene and they promised to make as a daily routine in their lives.

The programme is useful for the students and faculty members. The programme ended with vote of thanks.
