## A Report on "Generic data"

A seminar on Genetic Data Analysis was conducted for all Biological Science Students by our Resource Person **K.LALASA**. He gave all the useful information related to Generic Data Analysis, its various applications, uses and job prospects for the students who have completed the course. Generic Data Analysis is the transformation of health care diagnosis, procedure, medical services and equipment into universal medical alphanumeric codes.

The diagnosis and procedure codes are taken from medical record documentation, such as transcription of physician's notes, laboratory and radiologic results etc. Generic Data Analysis professionals help ensure the codes are applied correctly in the medical billing process.

Resource person demonstrating the skill Activity

He gave some of the reasons why one can learn Generic Data Analysis:

- The demand and supply gap for certified medical coders is approximately at 40%.
- Medical coding as a career can truly be a lucrative option in the health care sector.
- The new skills attained in their professional journey will help the candidates advance in their careers and assure big roles.

- Strong knowledge of anatomy, physiology and medical terminologies are an added advantage to become specialist in this sector. The total no. of students attended this program is 128. The HOD, Vice-Principal and other faculty members were also attended. The programme ended with vote of thanks.

## A Report on Language and Communication Skills

Work shop Topic	Date	Internal Faculty	Venue	No. of targeted student
Language & Communication Skills	20-01-2020	KLALASA	Seminar Hall	127

The main emphasis of the work shop was on the importance of oral and written communication in a professional world. He explained the importance of creative writing using all the senses of site, sound, smell and touch to elaborate one's thoughts on paper. He also made students aware of the significance of time and management in life. The main motive of this interaction is to enlighten the students with the use of correct Language and its importance.

## Demonstrating through Presentation

The following were the observations derived from this program:

- They must develop the ability of speaking among themselves.
- They must develop the art of writing of English.
- They must refer good English grammar books to improve their English.
- The workshop ended with a pleasant note with the both student's community and the faculty members.

The workshop ended with a pleasant note, with both the student and faculty members.

## A Report on Health and hygiene

She emphasized on the need of practicing health and hygiene in everyday life. By practicing health and hygiene one can achieve physical, emotional psychological and social wellbeing.

She said young people in today's world need a skill set to pursue a meaningful career; they also need a set of psychological skills to do well in the society. Life skills are psycho-social competencies which allow students to recognize and process emotions and handle everyday issues. Yoga not only enhances physical stamina and flexibility but also emotional stability, intellectual and creative talents.

## Faculty Explaining to the students

She suggested all the institutions need to include Health and Hygiene practice in their daily life in order to equip students for transformational competencies which help students to scope with the future. Some important life skills that Health and Hygiene teaches are focus, stillness, self-awareness, stress management and the power of breath.

The event went on in a more participatory way. Students and the staff who attend the program enlightened on the practice of Health and Hygiene and they promised to make as a daily routine in their lives.

## A Report on YOGA event

Acquiring life skills are an inevitable part in a student life. Yoga is one among the best life skills. The event Resource Person **M.SAIDARAO** demonstrated some of the important integrating body and soul for a peaceful and stress-free living. He emphasized on the need of practicing yoga in everyday life. By practicing Yoga one can achieve physical, emotional psychological and social wellbeing.

He said young people in today's world need a skill set to pursue a meaningful career; they also need a set of psychological skills to do well in the society. Life skills are psycho-social competencies which allow students to recognize and process emotions and handle everyday issues. Yoga not only enhances physical stamina and flexibility but also emotional stability, intellectual and creative talents.

## Resource person demonstrating the Activities

He suggested all the institutions need to include Yoga practice in the curriculum in order to equip students for transformational competencies which help students to scope with the future. Some important life skills that Yoga teaches are focus, stillness, self-awareness, stress management and the power of breath.

The event went on in a more participatory way. Students and the staff who attend the program enlightened on the practice of Yoga and they promised to make as a daily routine in their lives.

## Report On Soft Skills- Enhancement Skills

Seminar Topic	Date	Faculty Name	Venue	No. of students attended
Soft Skills- Enhancement Skills	09-10-2019	K.LALASA	Seminar Hall	128

A practical session on soft skills was organized with the objective to encourage the all-round development of students by focusing on soft skills, to make the students understand what the soft skills through instruction, knowledge, acquisition, demonstration and practice.

He is well experienced faculty in English, divided the content into different modules. Why it is important for the students to acquire and what kind of skills the employer expects from the candidates.

### Demonstrating with students

Now-a-days employer expects the candidates who can perform their jobs well but who can also fit into the company culture and interact with the other employees in order to these things successfully, students need to develop the following soft skills.

- Inter Personal skills
- Team Work
- Leader ship skills
- Positive attitudes

All these positive abilities will become the pillars of support to settle down in a highly satisfying employment that every student dreams of. Once there have mastered these soft skills, they can put them in their resume so as to attract the attention of the recruiters. The program ended with the curious participation of the students.
